

TM-8812 Ultrasonic Thickness Gauge

- ◆ Make accurate pipe wall measurements
- ◆ 0.2 mm accuracy
- ◆ Wall sound speed
- ◆ Ideal for use with Clamp-On flow meters

TDS-100 Series

Complementary Products : Fixed/ Hand held flow meters

TM-8812

TM-8812
Ultrasonic Thickness Gauge
with wall sound speed feature

- ◆ Allows accurate wall thickness entry for best results with clamp-on flow meters.
- ◆ Quick and easy setup and calibration.

Measurement Range:- 1.5~200mm 0.06~8inch

Materials:- 11 Types

Calibration Block:- Included

Power Supply:- 4x AAA batteries

Sensor Type:- Ultrasonic

Velocity Range:- 500~9000 m/s

Accuracy:- $\pm(0.5\%n+0.2)$

Dimensions:- 120x60x29mm
